Assumption of risk

I understand that the Activity involves risks, including the risk of injury, property damage and, in some activities, death, from causes that include my own actions, the actions of others, equipment and conditions. I have had the chance to ask questions about the Activity. I choose to take part knowing these risks and I accept them.

Release

In exchange for being allowed to take part, I release the Organization, its owners, employees, volunteers and agents from claims for injury, loss or damage arising from the Activity, including claims based on the Organization's ordinary negligence, to the extent the law allows. I will not sue them for such claims and I will cover costs they incur from a claim I or my family bring in violation of this release. This release does not cover gross negligence or intentional wrongdoing, and it is not meant to release anything the law does not allow to be released.

Fitness and medical consent

I am physically able to take part and have no condition that makes the Activity unsafe for me, or I have described it to the Organization. If I am injured and cannot speak for myself, I consent to first aid and emergency medical treatment, at my cost.

Rules, photos and agreement

I will follow the Organization's rules and staff instructions and stop if asked. I understand this document is binding on me, my family, heirs and representatives, and that I may be photographed during the Activity for the Organization's records.
